DRIVING YOUR ENERGY NEEDS

POWER SYSTEM SERIES

THE WANDERER

Following on from the great success of the Enerdrive Power System Series comes a new addition to the range. The Wanderer is built using the same proven quality as the rest of the range. Built to survive the rugged Aussie conditions and designed to suit the needs of installers and end users looking for a reliable power system solution. The components of the system are pre-wired in house by Enerdrive to make installation even easier. The Power System Series are neatly packaged onto a pre-assembled board with the main connections housed within a rugged metal case.

Available in either Passenger or Driver's side builds, giving lots of options for installation. With the option to add in custom artwork like your company logo and colour scheme at an added cost. The Power System Range is well ahead of the game in terms of compact power solutions, and truly something you will wonder how you did without.

What's included?

The Wanderer is suited to those requiring AC and DC charging ability as well as 230v inverter power whilst being packaged into a compact size thanks to the use of a combi inverter/charger.

You will find the following products in The Wanderer system:

- ▶ DC2DC 40+ Charger
- ▶ ePRO 1600W/60A Inverter/Charger Combi
- ▶ Simarine Pico Battery Monitor
- ▶ 4 x Circuit Breakers for Fridge, Lights etc.
- ▶ 3 x Main Breakers for Inverter, DC2DC & Loads
- ▶ 15A RCD protected CMS inlet with connection cable

*Passenger Side

Features of Simarine

- ▶ Colour Screen
- ▶ Optional Temperature and Tank Monitoring
- ▶ SCQ50 shunt for individual current monitoring of DC2DC Fridge and DC Loads
- ▶ WiFi Phone App

THE WANDERER

Items Included in The Wanderer:

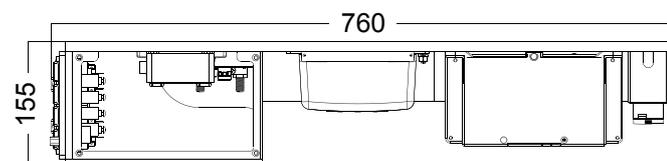

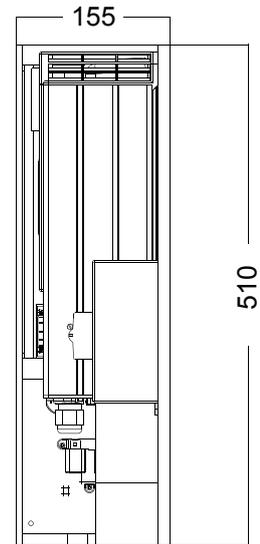

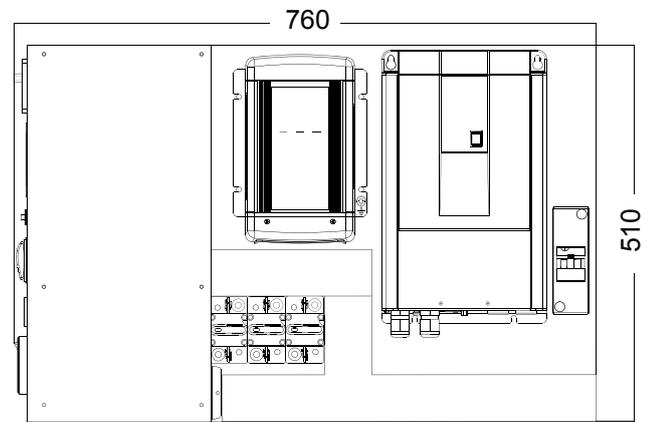

ePOWER DC2DC 40+ Charger (Vehicles/Solar)	*
Simarine LCD Battery WiFi Monitoring System	*
Individual Load/Charge Module for Simarine (#SI-SCQ50)	*
4x Pre-Wired Circuit Breakers for Main Power Equipment	*
4x Contura Switches (12V 20Amp)	*
Twin USB 2.4A Hi Amp Sockets	*
1.5m 50mm ² Battery Cable Kit	*
12V Power Outlet to Replace One or Both USB Sockets (Please request at time of order)	Optional
Water/Fuel Tank Module for Simarine (#SI-ST107)	Optional
Dimensions	760L x 155W x 510H mm
Weight	21kg

(*) Indicates Standard Fitment
