

POWERED BY SCHUMACHER

PROSERIES™

6V/12V Battery Charger

15A Fast Charge | 10A Charge | 2A Maintain

DSR15

-  • **15A Fast Charge** - Charges automotive, marine and light truck batteries
-  • **10A Slow Charge** - Charges small batteries, such as those commonly used in garden tractors and motorcycles. Not for charging large batteries
-  • **2A Maintain** - Keeps stored lead-acid batteries charged; charges and maintains small batteries
-  • **Fully Automatic** - Advanced circuit design monitors battery charging process
-  • **Microprocessor Controlled** - Multi-stage charging for added precision, safety and battery life
-  • **Float-Mode Monitoring** - Automatically maintains optimum battery charge
-  • **Reverse Hook-up Protection** - Helps protect battery and charger from damage
-  • **Desulfation Mode** - A special mode of operation designed for sulfated batteries
-  • **Auto-Voltage Detection** - Automatically detects 6 or 12 volt batteries
-  • **Digital Display** - Gives a digital indication of voltage, percent-of-charge or time

Heavy-Duty Construction
